

Music

“Hello, I am Coach Irani. I have been working with music throughout my life, singing and playing. I am fluent in Portuguese, Italian and English. I am a true believer that music is more than learning to sing or play. It is a beautiful way to communicate and express yourself.”

Coach Irani will teach the children how to create music and sounds, build self-confidence, and communication skills and learn about different instruments. They will enjoy a variety of songs in English, Portuguese and Italian.
